

Maroos

Shipping & International Logistics Group

THE COMPANY

When most think about *Maroos Shipping Group*, they relate to our good history in the Shipping and Logistics scene and our widespread geographical locations within Iran. The Group is headquartered in the capital city of Tehran and has centers in all main ports and hubs in the north and south of Iran.

Maroos advocates teamwork and social responsibility. It is our mission to bring value to our customers. We envisage continual growth and profitability and have set ourselves to become the top five logistics operator in Iran within the next few year.

A HISTORY WITH A FUTURE

In 1994, the founding members who had already lived through the inception and elevation of few other shipping companies felt the need to develop specialized capabilities in Freight Forwarding and International Logistics. Today and after almost 20 years we are a fully fledged active operator and well known for our multitude of activities in the Shipping and Logistics and continue to meet the evermore complex demands of the 21st century marketplace.

AIR FREIGHT SERVICES

Maroos is an International Air Transportation Association (I.A.T.A) accredited agent, and the Iranian Aviation Authority regulated agent.

Thanks to an excellent selection of airlines and our active offices in the IKA and Bandar Abbas airports, Maroos is able to guarantee a high level of service for every kind of cargo to any destination within Iran and from any worldwide origin.

Our airfreight services includes:

- Consolidation Services
- Door-to-Door Service
- Consulate Documentation and Formalities
- All Risk Cargo Insurance
- Storage and Warehousing in our own Facilities
- Hubs for Cargo Collection from the North and West of Iran

OCEAN FREIGHT SERVICES

Maroos is a permanent member of organizations such as FIATA, BIMCO and GLA all of which make sure that we keep our performance and services up to the international standards.

We provide efficient and successful transportation solutions.

As we rely on a highly professional team of experts, who are managed by the pioneers in this field, some of whom have as many as 30 years of hands - on experience.

Maroos today is not only an International Forwarding and Logistics Service provider but also one of leading professional Bulk cargo operators in Iran. We are able to provide almost all that is related to shipping and logistics.

PROJECT & CONTRACT LOGISTICS

Maroos offers project cargo and contract logistic services. Customers now require reduced lead times and the need for velocity and visibility is the same across all industries. We at Maroos are slowly moving away from freight forwarding and replacing it with Freight Management. Our customers are now noticing reduced shipment processing time.

We can now tell our clients that we can manage their contracts, and provide a full end to end transportation management for them.

Maroos can also offer specialized services for shipments that require specialized shipping equipment, for freight that is voluminous, by weight size and quantity, or composed of complex components that must be disassembled, shipped and then re-assembled.

Our project handling capabilities include:

- Site Survey and Feasibility Studies
- Multi-Modal Transport Options
- Attention to all Roads and Safety Requirements
- Special Equipment (Flat Racks, Open Tops, platforms)
- Freight Negotiations
- Administration for all Agencies (Customs Clearance, Trade Documentation)

LAND FREIGHT SERVICES

Maroos is able to provide a complete International Overland Service. Our multilingual team keep you closely informed as to the position of your merchandise in transit. Our overland operation offers many services to all of C.I.S and G.C.C countries and enables you to use Maroos for Imports and Exports. We are very proud to have been the trusted logistics partners of World Food Program (WFP) and Unicef; We have moved more than 100,000 MT of humanitarian cargo over the past decade.

Our land and add-on capabilities include:

- Full Load and Consolidation
- Local Courier Services
- Customs Clearing, DDU & DDP
- Packing
- Warehousing: Free and Bonded

Through the years of experience and by undertaking some of the most unique project cargoes, we have come to develop firm routes, and are well prepared to meet the challenges in handling each individual shipment.
