

Maroos

Shipping & Forwarding Company

Corporate Maroos

A privately-owned company, Maroos Group focuses on long-term commitments and lasting relationships with customers, suppliers and partners. Our financial strength, international reach, strong reputation and innovation enable us to expand in step with our customers worldwide, responding to their needs and the changing demands of local, regional and international markets.

Our customers are central to everything we do. It is their ever-increasing demand for competitive solutions that drives us to refine and integrate our services to meet their needs.

Maroos

Shipping & Forwarding Company

- **Shipping** was Maroos's business hallmark, dating back to 1994 when our first office opened in Tehran by providing lightering and ship agency services. Today, Maroos Shipping is a fully fledged provider of services to ship owners and operators. Not only that, we have extensive experience in ship and cargo survey and are agents to several prestigious international P&I clubs.
- Our **Logistics** operation initiated from our forwarding, warehousing and distribution operations in Bandar Abbas. Today, Maroos Logistics has grown into an international network providing a rich range of general and specialist logistics services.
- Maroos's **Marine** operation centre's around our modern and expanding fleet of supply craft and barges that provide essential support for offshore exploration, construction and production, heavy lift cargo towage, etc. Maroos Marine operates in key locations in the Middle East Gulf, and Caspian Sea.
- Maroos Solutions is the thinktank of the Group, charged with forming strategic partnerships with world-class producers and suppliers to create new 'out of the box' services trimmed to the needs of our customers.

Maroos takes full benefit of its diversity of portfolio of services, its regional infrastructure, resources and expertise to deliver integrated solutions that result in time and cost efficiency. Sectors like the oil & gas industry, in particular, benefit from Maroos's unique ability to offer a tailor-made service package covering ship agency, bunker fuels, project logistics, offshore logistics, and more. Other sectors that can benefit from our wide range of services include dry bulk, automotive, FMCG, retail, technology, healthcare, sports & entertainment, project cargo, offshore construction, etc.
