

Maroos

Shipping & Forwarding Company

NVOCC Services

Maroos is a dynamic NVOCC with a wide experience in international transport. A personalized service is the key word of our specialized staff, assisting traders to move their goods both inland and overseas on a worldwide basis. Beside arrangements for routing, pricing and documentation the company also advise stowage matters and handles transport insurance.

We offer consolidated service packages like LCL, FCL, stuffing and sailing - that support cargo consolidation.

We actively liaise with shipping lines, port agents, local carriers and others for movement of your shipments and air cargo, taking on the responsibility of safe and time-bound deliveries as well as issuing bills of lading.

We provide full set of multimodal international forwarder services in logistics.
